

# Life Cycle Assessment: Results

The following supplementary LCA results are to be read alongside the complete ROCKWOOL<sup>®</sup> Environmental Product Declaration, attached.

ROCKWOOL® stone wool product:

**ROCKLAP H&V Section** 

The results are for: 1 linear metre of product, with Inner diameter of pipe section:

with a thickness of 40 mm.

34 mm

#### Limitations

Conservative choices are made in the LCA as described in the ROCKWOOL® Group LCA rules. Therefore, the results can be considered to be conservative and worst case.
